

Bring FREE Digital Skills Training to Your Community!

The mobile Learn IT Digital Skills Classroom, a partnership of Goodwill and Google, is a new mission-based initiative to help build a more marketable Kansas workforce in the digital age. Supported by Goodwill retail stores and the sponsors listed below, the mobile classroom brings digital skills training to both rural and urban areas of Kansas.

WHAT YOU'LL LEARN

Alongside Goodwill's certified instructor, you'll improve your day-to-day life by learning to use a computer in practical ways and leveraging software skills to accelerate your career and open new job opportunities.

DIGITAL SKILLS CLASSROOM FEATURES

The LearnIT Mobile Lab features:

- 10 computer stations
- A full library of Google-based resources
- Virtual classroom technology
- Individual coaching

Participants learn on-site and are given online access to continue their learning, utilizing referral services in the area such as public libraries, local schools or colleges, and workforce centers.

READY TO LEARN?

Goodwill wants to bring the LearnIT Mobile Lab to your community! If you'd like to take a free digital skills class, contact:

There will be two sessions available:

Thursday March 28th 11-1 & 2:30-4:30

Space is Limited! Sign up at:

Clay Center Carnegie Library
